VicSuper's Responsibility for the Subject Matter Information

The Directors of VicSuper are responsible for:

- ensuring that the Subject matter in the 2017 Annual Report is properly prepared and presented in accordance with GRI G4 Guidelines Reporting Criteria;
- confirming the measurement or evaluation of the underlying Subject Matter against the applicable criteria, including that all relevant matters are reflected in the Subject Matter information;
- designing, establishing and maintaining internal controls to ensure that the Subject Matter information is properly prepared and presented in accordance with the Reporting Criteria.

Deloitte's Independence and Quality Control

We have complied with the independence and other relevant ethical requirements relating to assurance engagements, which are founded on fundamental principles of integrity, objectivity, professional competence and due care, confidentiality and professional behaviour.

The firm applies Auditing Standard ASQC 1 *Quality Control for Firms that Perform Audits and Reviews of Financial Reports and Other Financial Information, Other Assurance Engagements and Related Services Engagements*, and accordingly maintains a comprehensive system of quality control including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements

Deloitte's responsibilities

Our responsibility is to express a limited assurance conclusion on the Subject Matter based on the procedures we have performed and the evidence we have obtained.

We conducted our limited assurance engagement in accordance with Australian Standards on Assurance Engagements ASAE 3000 *'Assurance Engagements Other than Audits or Reviews of Historical Financial Information'* (ASAE 3000), issued by the Australian Auditing and Assurance Standards Board in order to express a conclusion whether, based on the procedures performed and the evidence obtained, anything has come to our attention that causes us to believe that the Subject Matter has not been prepared and presented in all material respects in accordance with the Reporting Criteria. That standard requires that we plan and perform this engagement to obtain limited assurance about whether the Subject Matter is free from material misstatement. A limited assurance engagement in accordance with ASAE 3000 involves identifying areas where a material misstatement of the Subject Matter information is likely to arise, addressing the areas identified and considering the process used to prepare the Subject Matter in the 2017 Annual report.

A limited assurance engagement is substantially less in scope than a reasonable assurance engagement in relation to both the risk assessment procedures, including an understanding of internal control, and the procedures performed in response to the assessed risks.

Assurance work performed

In order to form our conclusion we undertook the following limited assurance procedures:

- Review of VicSuper's processes relating to stakeholder identification, engagement and responsiveness, including an assessment of stakeholder engagement outcomes and how this process and the outcomes have been presented in the 2017 Annual Report
- Review of VicSuper's process to identify and determine material issues to be included in the 2017 Annual Report with examination of underlying assessments and evidence on a sample basis
- Interviews with a selection of VicSuper executives and senior management, including VicSuper's sustainability management team concerning the overall governance structure, corporate sustainability strategy and policies used for managing and reporting sustainability performance across the business
- In respect of the Selected non-financial performance disclosures and metrics
 - interviews with a selection of VicSuper management responsible for the Selected non-financial performance disclosures and metrics to understand the compilation and review processes
 - applying analytical and other review procedures including assessing relationships between the reported information and other financial and non-financial data
 - examination of evidence for a small number of transactions or events
 - analysing and inspecting on a sample basis, the key systems, processes and procedures and controls relating to the collation, validation, presentation and approval process of the material non-financial information included in the 2017 Annual Report.

- review underlying evidence on a sample basis to corroborate that the information is prepared and reported in line with the relevant reporting criteria.

The procedures performed in a limited assurance engagement vary in nature and timing from, and are less in extent than for, a reasonable assurance engagement. Consequently, the level of assurance obtained in a limited assurance engagement is substantially lower than the assurance that would have been obtained had we performed a reasonable assurance engagement. Accordingly, we do not express an opinion providing reasonable assurance about whether the Subject Matter in the 2017 Annual report has been properly prepared and presented, in all material respects, in accordance with Reporting Criteria.

Inherent limitations

Non-financial information, including the Subject Matter may be subject to more inherent limitations than financial information, given both its nature and the methods used for determining, calculating and sampling or estimating such information. Qualitative interpretations of relevance, materiality and the accuracy of data are subject to individual assumptions and judgements. The Subject Matter should be read in the context of VicSuper's Reporting Criteria as set out in the 2017 Annual Report.

Limitations of use

This report is made solely to the directors of VicSuper in accordance with our engagement letter dated 4th June 2015, for the purpose of providing limited assurance over material non-financial information contained within VicSuper's Annual Report. We disclaim any assumption of responsibility for any reliance on this report or on the Subject Matter to which it relates, to any person other than the directors of VicSuper or for any purpose other than that for which it was prepared.

Matters relating to electronic presentation of information

Our limited assurance engagement included web-based information that was available via web links as of the date of this statement. We provide no assurance over changes to the content of the 2017 Annual Report after the date of this assurance statement.

Conclusion

Based on the procedures performed and the evidence obtained, nothing has come to our attention that causes us to believe that the Subject Matter has not been properly prepared and presented, in all material respects, in accordance with the Reporting Criteria.
